E. Worton & Sons, of this city, had a new product on exhibition in polishing bricks, for common knives to finest kind of jewelry, a cleaning and polishing agent on which they won a diploma.

Mr. W. S. Hansen, the Collinaston sheep breeder, was out as usual with a fine array of Rambouillet stock which again took the majority of ribbons. Mr. Hansen's sheep took six out of a possible eight first premiums and four out of eight first and second prizes, having made a double entry and fortunately capturing the first and second premium. Mr. Hansen has a bigger display this year and claims he has much better qualities than ever. Among those in the exhibit he has one 3-year-old ram weighing 260 pounds, eight yearling rams weighing from 300 to 325 pounds, three 2-year-old ewes that tip the scales at 175 pounds respectively, and four yearling ewes recording 160 pounds each. Mr. Hansen has on exhibition a neat frame which are seen two silver medals and fifteen ribbons certifying to the excellent quality of his stock, being the harvest of prizes for fairs of 1895-99, being captured at the Omaha exposition. Mr. Hansen is easily in the front ranks as sheep importer, breeder and raiser of high order.

#### Messrs. Galbraith and Beazer, of Kaysville, have a splendid display of Shorthorns. This firm makes a specialty of importing, breeding and raising the very finest Scotch and American families. Among the best animals exhibited on the grounds this year is Deer Park Mary, of the Cruickshank family. A beautiful 4-year-old heifer weighing 1,540 pounds. Many stockmen are of the opinion that Mary was entitled to the special prize wherein either imported or home bred stock are eligible to enter, but the judges saw fit to award it to another. Stock from their ranch were prize winners through other owners who had purchased from this firm. These gentlemen claim they have the best stock in the State which can be shown by the fact that their stock has brought the highest prices of any sold in recent years. These gentlemen are now glad to have visitors at their ranch where the various qualities of their stock may be seen to best advantage.

#### Messrs. Ford Bros., of Centerville, have a magnificent display of twenty-five head of shorthorn cattle representing the best and milk families, the original strain is from the well known Cruickshank Prince Strathmore family. This has been improved by cross breeding with the families of Canada and Scotland. These gentlemen have been in the business long enough to be considered pioneers in the stock business. They have some 7,000 acres containing range and ranch lands in Morgan county and 250 acres in Davis county, Centerville being their home and place of business. Messrs. Ford Bros. make a specialty of importing and breeding the very best stock not only from this country, but from Canada and Scotch tops of Scotland. They take great pride in the quality of their beef, being prize winners in all the fairs they have ever competed in, for uniformity, quality and color. They have for sale both registered and high grade bulls and heifers.

#### SUICIDE AT EUREKA TODAY

L. T. Jacobs, a Miner, Takes a Dose of Laudanum.

Was Found Dead in His Cabin This Morning—Difficulties and Drink the Causes.

[SPECIAL TO THE "NEWS"]

Eureka, Utah, Oct. 6.—L. T. Jacobs, a miner, and prospector, who has been a resident of Eureka for the past fourteen years, was found dead this morning in a cabin belonging to Pat Shea, and where he has been living for some time past. Indications point to suicide as a couple of partially empty vials of laudanum were found in his room.

The bottles of poison were one and two ounce vials, and about half the contents was gone from both, so that it is supposed Jacobs drank about one and a half ounces of laudanum. A couple of notes were also found in the pockets of the dead man, one to Patrick Ryan, of Salt Lake City, written two days ago, and asking what Ryan would pay for stock in a certain mining claim.

The other note was almost illegible, and was addressed to Pat Shea, of this place, who has been a friend of the deceased ever since he has resided here.

The note asked Mr. Shea to see that the note received a decent burial. The other note was almost illegible, and was addressed to Pat Shea, of this place, who has been a friend of the deceased ever since he has resided here.
